

UNIFAT 300 (GOLD)

Functional Red Palm Oil Powder for Swine

Description

Produced by Super-freezing Crystallization Process to retain Red Palm oil natural phytonutrients:

- Rich in carotenoids¹. Carotenoids (pro-vitamin A) are the precursors of vitamin A, is necessary for animal growth and health.
- Rich in Vitamin E (tocopherols and tocotrienols). Powerful antioxidants to improve oxidative stability, increase shelf life of meat and improve pork quality.

Formulated with

- High Performance lysophospholipids to enable full digestion and nutrients absorption
- Medium chain triglycerides (MCTs) provide instant energy source for better growth performance.

Features & Benefits

- High quality energy source
- Provide dietary essential fatty acids
- Increase milk production in Sows
- Better milk quality with higher protein and lactose content
- MCT provide instant energy to piglets, improved growth performance, immune and health status.

Specifications:

Analysis	Specification
Appearance	Solid beads, golden color
Free Fatty Acid (as Palmitic)	Min 30%, Max. 60%
Moisture	Max. 1.0%
Insoluble Impurities	Max. 1.0%
Iodine Value	18-20
Peroxidase Value	Max. 5.0 meq/kg
Total Fat Content	Min. 99%
Major Fatty Acid Compositions	
C12:0 Lauric	Min. 0.5%
C14:0 Myristic	Min. 0.5%
C16:0 Palmitic	Min. 70%
C18:1 Oleic	Min. 8%
C18:2 Linoleic	Min. 2%
Total Fatty Acid	Min.95%
Melting Point	52°C-55°C
β-Carotene	Min. 75ppm
Vitamin E	Min. 350ppm
Energy	Min. 8800kcal/kg

Note: Standard Specification for reference only, specification may vary depends on raw materials.

Compositions

Crude Palm Stearin,
Palmitic Acid,
MCT,
Soya Lecithin

Dosage

Species	Addition to Feed Ration
Swine (all stages)	1 – 5%

Storage

Store in cool dry place. Keep away from odoriferous materials and avoid direct exposing to sunlight.

Packing size

25Kg
